EXAMINER'S AMENDMENT

Applicants' amendments and remarks, filed 12/29/05, are acknowledged. Applicants' arguments have been fully considered and are deemed persuasive.

Authorization for this Examiner's Amendment was given in a telephone interview with Robert Strozier on January 30, 2006.

In the claims:

Cancel claims 25-34.

The following is an Examiner's Statement of Reasons for Allowance:

The invention is directed to a composition comprising a polymerizing agent including a molecular tag covalently bonded to a site on the polymerizing agent and a monomer including a molecular tag. It is noted that the polymerizing agent is interpreted to be an enzyme that causes polymerization, as stated in the specification (page 36, third paragraph). The prior art of record neither teaches nor suggests the limitations of the allowable claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
